Denver, CO | Remote | kev2mcg@gmail.com

EXPERIENCE

Senior Solution Consultant | [Oracle NetSuite](#) Aug 2020 – Present

Lead SC · Transportation & Logistics SME Team | Subject Matter Expert

- Served as trusted advisor and technical co-pilot to AEs across the full sales cycle; authored the T&L Playbook and built a standardized demo environment, both adopted org-wide as definitive vertical resources.
- Closed 130+ logos influencing \$6.9M+ ARR through in-depth needs analysis, solution architecting, and value-driven product demonstrations aligned to strategic business outcomes and ROI.
- Consulted 450+ pre-revenue, startup, and SMB organizations across supply chain, operations, and finance; recognized as Team MVP FY21, FY22, FY23, FY24, and FY25.
- Mentored 40+ new SCs in a high-growth, autonomous environment. Dual SuiteWorld SME presenter: Analytics Warehouse and Field Service. Holds 8 NetSuite certifications.

Operations Manager, West Coast | [Prysmian Group](#) Dec 2018 – Jan 2020

- Exceeded monthly sales forecasts with 98% on-time delivery across mid-market and enterprise accounts.
- Led Six Sigma-based process improvements for Mitsubishi Elevators USA, reducing cost and improving service reliability.

Middle East Sales Manager | [Prysmian Group](#) Mar 2017 – Dec 2018

- Built sales channels from zero across UAE & Qatar, generating €3.5M in new pipeline through full-cycle management, tailored technical solutioning, and go-to-market strategy.
- Negotiated 3PL partnerships to bring local stock to the region for the first time, enabling faster fulfillment and a stronger competitive position.

Logistics Project Coordinator | [Prysmian Group](#) Mar 2016 – Mar 2017

- Redesigned inventory processes and integrated production planning software, reducing variance by 64%.
- Led implementation of the Prysmian Reel Tracker asset-tracking system, improving real-time visibility across the supply chain.

Project Management Intern | [Hirotec America](#) May 2012 – Aug 2014

- Supported cross-functional engineering and manufacturing projects; coordinated timelines, tracked deliverables, and assisted in process documentation for automotive assembly programs.
